

Dialogue 2

Martin: Welcome everybody. And before we start, we have some food and beverages here on the table and you can help yourself at anytime. So, I have some questions. The first question is how was the traffic on the way over here?

QQ: Very busy. It took us 20 minutes just to get down the street.

Odin: I took the MRT and it was very fast and efficient. The directions here were all very clear. And once I got into the facilities, they were a little bit crowded, but it was easy to get around.

Martin: Alright. And how were the hotels?

QQ: Clear, but my hotel is a little cramped?

Martin: Which hotel were you staying at?

QQ: Rest Hotel.

Odin: My hotel is great. It's very clean, and had a good value for the money.

Martin: All right. And how about the visibility at the sports venue? Could you see everything clearly?

QQ: Yes, everything was clear.

Odin: But I had a little trouble finding the archery venue.

Martin: I see. All right, thank you very much for your input. We have a questionnaire for you to fill out at the end of the meeting.
